Theme: WALK and TALK

Lesson 3 : God smooths out our worries

Note to parents:

Over the next few weeks we will walk and stop at things God created. What can we learn from these things? Then we can talk back to God about what we have learned. These lessons aim to help develop your child's prayer time with God.

Creative Time:

- Go outside and look at all the different kinds of stones you find in your garden or take a walk by the river.
- Talk about the textures and tell the kids the smooth stones use to be pointy and hard.
- Write things on the stones that represent stuff we worry about

Bible Point: Phil 4: 6

Practice Praying:

- Thank God that I can tell you about my worries
- Thank you that you can change my worries and make them smooth like the river stones

Tema: WALK AND TALK (STAP EN GESELS)

Les 3 : God kan ons bekommernisse verander

Nota aan ouers:

Die volgende paar weke gaan ons STAP en stop by dinge wat God geskep het. Ons gaan kyk wat hierdie dinge ons kan leer . Dan gaan ons met God GESELS oor wat ons geleer het. Hierdie lessies poog om jou kind se gebeds tyd met God uit te bou.

Kreatiewe Tyd:

- Stap in die tuin of langs 'n rivier en soek verskillende tipes klippies
- Gesels met jou kind oor hoe die klippies voel en noem weer dat gladde klippies verander het.
- Soek klippies en skryf dinge daarop wat ons dalk kan bekommer

Bybel Punt : Fil 4 : 6

Oefen om te bid:

- Dankie Jesus dat ek vir U kan vertel van my bekommernisse
- Dankie dat U my bekommernisse kan verander en glad maak soos die klippies in die rivier

Talk to God about your worries. He can change it!
Praat met God oor wat jou bekommerd maak. Hy kan dinge ver-
nader.

Colour in all the smooth stones in the picture. Draw yourself in the
on the bridge.
Kleur die gladde klippe in en teken jouself op die brug.
