Do you think electricity is powerful? Why?
Do you think it can be dangerous? Explain
Do you think electricity can be good? Explain

Read the following statement out loud. Do you agree?

something can be dangerously powerful and good at the same time

Turn your bible to Exodus 15: 11

Before we read - let me just tell you what happened before this verse.

- ⇒ God had actually **spoken** to Moses in a bush that was on **fire!** - and didn't burn out
- ⇒ God had shown that He is **bigger than the things in our world** by sending 10 mighty plagues to come over Egypt, **but** not one of the plagues even touched the Israelites - who lived in **the same land!**
- ⇒ God then send a **cloud by day** and a **pillar of fire by night** to give them light so they could travel any time of the day on their journey
- ⇒ And then God **parted a sea** for the Israelites to walk through : no bridge - no concrete barriers keeping the sides of the water apart - Just GOD's mighty power !

After seeing these things Moses probably looked like this:

Moses saw that God is **great**—dangerously powerful.

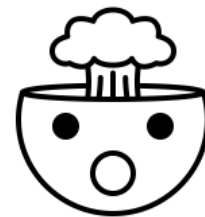

God is **good** - He looks after His people !

Let's read what Moses said in Ex 15: 11

“Who is like you, O LORD among the gods?

*Who is like you, majestic in holiness, **awesome** in glorious deed, doing wonders?”*

Just like Moses we can look at all the things God did and realized truly God is AWESOME! On the one hand He is GREAT and on the other hand he is GOOD.

mindblowing

God is **AWESOME!** and worthy to be worshipped!

Write Down:

- ◆ 3 things showing us God is great and powerful
- ◆ 3 things that remind you God is good and loving towards us.

Pray and thank God that He truly is AWESOME. HE IS GREAT and GOOD!

Dink jy elektrisiteit is kragtig? Hoekom?
Dink jy dit kan gevaarlik wees? Verduidelik
Dink jy elektrisiteit kan goed wees? Hoekom?

Lees die stelling hieronder. Stem jy saam met dit?

Iets kan gevaarlik kragtig wees en goed op dieselfde tyd

Blaai in jou bybel na Exodus 15: 11

Voor ons lees - wil ek jou net eers vertel wat gebeur het voor hierdie stukkie in die bybel.

- ⇒ God het **self** gepraat met Moses uit 'n **brandende bos**—wat nie uitgebrand het nie!
- ⇒ God het gewys Hy is **groter as die dinge van die wereld deur** 10 kragtige plae oor Egipte te stuur sonder dat die plae enige van die Israeliete tref— en hulle was in **dieselfde land**.
- ⇒ God het 'n **wolk in die dag** en 'n **vuur kolom** snags voor die Israeliete gestuur sodat hulle enige tyd van die dag of nag kon trek.
- ⇒ God het die **see laat oopgaan** sodat die Israeliete kon deur loop: geen brug of sement mure het die kante terug gehou nie—**net God se wonderlike krag**.

Nadat Moses dit alles gesien het het hy seker so gelyk:

Moses sien God is **WONDERLIK**—gevaarlik kragtig.

Moses sien God is **goed** - God sorg vir sy mense !

Lees nou wat het Moses gesê in Ex 15: 11

“Wie van die God is soos U Here? Wie is soos U, so hoog geëer en heilig? In lofsange word U vereer, Bewerker van wonderdade!”

Net soos Moses kan ons kyk na al die dinge wat God doen en besef God is AWESOME. Aan die een kant is hy wonderlik en aan die anderkant ook goed.

God is **AWESOME!** en verdien ons aanbidding en lof!

Skryf neer:

- ◆ 3 dinge wat wys God is wonderlik
- ◆ 3 dinge wat ons herinner God is ook goed en liefdevol teenoor ons

Bid en sê dankie dat God AWESOME is. Hy is wonderlik en goed!
