

LOVE + PROTECTION

- Why is sun cream good for you?
- Talk about a time you forgot to put sun cream on or when you missed a spot on your body—what were the results?
- Have you seen parents having to hold down a toddler to put sun cream on them? Why do you think the kids hate putting sun cream on?

Take Note: God loves us and wants to protect us—just like a good parent. He gives us His WORD—to help protect us.

Can you think of some similarities between God’s word and putting sun cream on? →

Both don't work if you don't use it!

Did you know: Fruits have peels to protect them from the environment as well as microbes (bacteria, fungi, viruses) that will damage them. Some peels also include toxins to make them unappetizing to animals (including insects, birds, and animals) that might eat them before they are ripe and ready to spread their seeds.

Without the peel the orange is defenseless

LIEFDE + BESKERMING

- Waarom is sonroom goed vir jou?
- Gesels oor 'n keer toe jy vergeet het om sonroom aan te sit of dalk 'n plek op jou lyf gemis het. Wat was die gevolge?
- Het jy al gesien hoe ouers 'n kleuter moet vasdruk om sonroom op hulle gesmeer te kry? Hoekom dink jy stoei kinders so daarteen om sonroom aan te sit?

God is lief vir ons en wil ons beskerm—net soos 'n goeie ouer. Hy gee ons Sy WOORD—om ons te beskerm!

Kan jy dink aan enige ooreenkomste tussen ons gebruik van die bybel en sonroom? →

Nie een van hulle kan jou help as jy dit nie gebruik nie

Het jy geweet: Vrugte het skille om hulle teen die omgewing en mikro—organismes te beskerm soos virusse en bakterieë. Sommige skille het toksienes in wat die skil onaangenaam maak vir diere soos voels en insekte—sodat hulle dit nie wil eet nie!

Sonder die skil is die lemoen sonder beskerming!
